Baseline Document Change Announcement

BDC05T-01 Title Block for Professional Land Surveyor

April 8, 2005

**SUBJECT: Revision to Sheet 4 of 13 of Narrative Part, 2001 Sample Plans in English Units
BDC05T-01**

Sheet 4 of 13 of the narrative part of 2001 Sample Plans (English Units) has been revised to include a title block for the Professional Land Surveyor's signature.

The regulations of the New Jersey Board of Professional Engineers and Land Surveyors require that any plan sheet presenting land surveying data must also bear a title block or identity of the land surveyor who performed the land surveying work. It requires land surveyor's name, signature, "Professional Land Surveyor" (spelled out), license number, name of consultant (when appropriate) and, Certification of Authorization number (when appropriate) to be provided on the contract plans.

Implementation Code R (ROUTINE)

Changes must be implemented in all applicable Department projects scheduled for Final Design Submission at least one month after the date of the BDC announcement. This will allow designers to make necessary plan, specifications, and estimate/proposal changes without requiring the need for an addenda or postponement of advertisement or receipt of bids.
